Cancellation: Deposit is non-refundable for cancellation after December 13th, 2018. There is no refund for cancellations within 4 weeks of arrival.

See page 2 for further information

Notes re the Trip and Application Process

To apply for the trip, use the on-line application form on the Club Ski Trips page of the club website.

We require one application per room requested. If you have already listed your roommates on the application, the others do not need to apply separately. However, if people apply separately and indicate that they will be sharing with each other we can combine them later.

Please note that the primary applicant is responsible for forwarding all emails and information received about the trip to your other roommates.

You do not need to have your club membership in place when you apply for the trip, but before the actual trip date you must confirm that you have completed your membership by providing your new member number to the trip coordinator, preferably by email.

The Club Room is a traditional hotel room with a king size bed and full bath, suitable for a single person or couple. A Studio Room has a sitting area, a queen size Murphy bed and a double size Murphy bed, dining area with seating for four, fully equipped kitchen and a full bath, suitable for double or triple occupancy.

The standard package includes four dinners at the resort, with Wednesday evening left open for people to enjoy an evening out at a local restaurant.

When you complete your application form online, an acknowledgement screen will be presented which provides a link to download a printable copy of your completed application for your records. You should also receive an automated message to the email address you supply which will provide the same information, with the printable copy of your application form as an attachment.

Lift Tickets:

Because most people who take part in these trips depart for home on Friday mornings without skiing that day, we have priced the default package with a 4-day ski pass instead of 5 to reduce the cost of the base package. There is complimentary $\frac{1}{2}$ day skiing either Sunday afternoon or Friday morning, or you can choose both for an additional \$25.

Please note that participants under the age normally required for Club Membership must register as “non-skiers” and purchase their own lift tickets directly from the ski resort.
