**To apply for the trip, use the on-line application form available from the Ski Trips page of the club website.**

See Page 2 for further information

## Notes re the Trip and Application Process

### **Application Process:**

We require one application per room requested. If you have already listed your roommates on the application, the others do not need to apply separately.

You do not need to have your club membership in place when you apply for the trip, but before the actual trip date you must confirm that you have completed your membership by providing your new member number to the trip coordinator, preferably by email.

When you complete your application form online, an acknowledgement screen will be presented which provides a link to download a printable copy of your completed application for your records. You should also receive an automated message to the email address you supply which will provide the same information.

It may be possible to provide triple accommodation in the hotel rooms provided that either two beds are sufficient, or with the additional of a cot. If interested please contact the trip coordinators to check availability and pricing.

### **Lift Tickets:**

We have observed that most people who take part in these trips depart for home on Friday mornings without skiing that day, so we have priced the default package with a 4-day ski pass instead of 5 to reduce the cost of the base package. This lift ticket is valid any 4 of the 5 days (Monday-Friday), so it should also work well for those who expect to skip a day in the middle of the week to do other activities. The additional cost for a 5-Day lift package is shown on the front page.

One nice thing about Stoneham is that they groom the hill twice per day to provide good night skiing. Upon arrival Sunday afternoon our lift tickets include skiing after 4pm and into the evening.
