To apply for the trip, use the on-line application form available from the Club Ski Trips page of the club website.

Notes re the Trip and Application Process

Application Process:

We require one application per room requested. If you have already listed your roommates on the application, the others do not need to apply separately. **Please note** that the primary applicant is responsible for forwarding all emails and information received about the trip to your other roommates.

You do not need to have your club membership in place when you apply for the trip, but before the actual trip date you must confirm that you have completed your membership by providing your new member number to one of the trip coordinators, preferably by email.

When you complete your application form online, an acknowledgement screen will be presented which provides a link to download a printable copy of your completed application for your records. You should also receive an automated message to the email address you supply which will provide the same information and your printable application form as an attachment.

Rooms:

There are two types of rooms available in the hotel. The "Single Queen" room also has a queen size sofa couch, and a "Double Queen" is also available at a higher price. Triple accommodation is possible in a Single Queen provided that two beds are sufficient, and quad occupancy is possible in the Double Queen in the same way.

Lift Tickets:

Since most people who take part in these trips depart for home on Friday mornings without skiing that day, we have priced the default package with a 4-day ski pass instead of 5 to reduce the cost of the base package. The additional cost for a 5th-day of skiing (Friday) is shown on the front page.
